

## **Mony Dragon**

Address: 126 April Dr Mulvane, KS 67110

Phone: 316-719-6884

Email: [Monydragon@gmail.com](mailto:Monydragon@gmail.com)

Portfolio: <https://monydragon.com>

### **Summary**

Software Developer with over 12 years of experience specializing in C# (up to version 12) and .NET (up to version 8) technologies, including Blazor and Dot Net Maui. Expert in developing scalable, high-quality applications with a focus on clean, testable code. Proficient with Agile and Waterfall methodologies, ensuring project delivery within timelines and budgets. Strong background in project leadership and staying at the forefront of technology.

### **Technical Skills**

- Languages: C# (12), TypeScript, SQL, JavaScript, HTML, CSS
- Frameworks/APIs: .NET (8), .NET Core, .NET Standard, Blazor, Dot Net Maui, ASP.NET, Entity Framework
- Tools: Rider, Visual Studio 2022, Git, Docker, Azure, AWS, NUnit
- Databases: SQL Server, MySQL, MongoDB
- Methodologies: Agile, Waterfall

### **Professional Experience**

- Software Developer/IT Support, ProHome LLC

April 2022 - Present

Developed ProHomeLive web and mobile applications using C# (12), Blazor, and Dot Net MAUI (.NET 8). Managed IT support, providing technical assistance for various client and employee issues. Applied Agile methodologies to ensure rapid and efficient project turnaround.

- Software Developer/DevOps Engineer, Lockheed Martin

November 2022 - February 2023

Maintained CI/CD pipelines for .NET projects. Worked with Unity, C#, AWS, and Git to streamline development processes. Utilized NUnit for comprehensive unit testing.

- Senior Software Engineer, Super Systems Inc. (MSA)

April 2017 - June 2018

Led Azure/AWS Cloud Integration API projects. Developed C# web services for cloud-based infrastructure, utilizing .NET technologies. Experienced with both Agile and Waterfall project management methodologies.

## Projects

- ProHomeLive (ProHome LLC)

Web and mobile application development focusing on Blazor and Dot Net MAUI for real estate management.

- AZURE/AWS Cloud Integration API (Super Systems Inc.)

Designed and implemented cloud integration services using C#, .NET, Azure, and AWS.

## Education

- College of Western Idaho – Software Engineering, 2011 - 2013

- MIT - Software Engineering (Online), 2013 - 2016

- Continuous Learning: Udemy, Lynda, Pluralsight (2008 – Present)
